Assembly Instructions

SVEN

Storage Bed

ASSEMBLY INSTRUCTIONS

Read these instructions carefully and keep for future reference. Refer to parts inventory for guidance, and ensure you have all pieces before starting.

When assembling, place all parts on a soft, clean, and flat surface such as a carpet to prevent scratches.

If you’re having difficulty, our friendly Customer Care team is always here to help. Call us at **1.888.746.3455** during business hours, email **service@article.com** or chat live at **article.com**.

N	M4 ALLEN KEY 	2

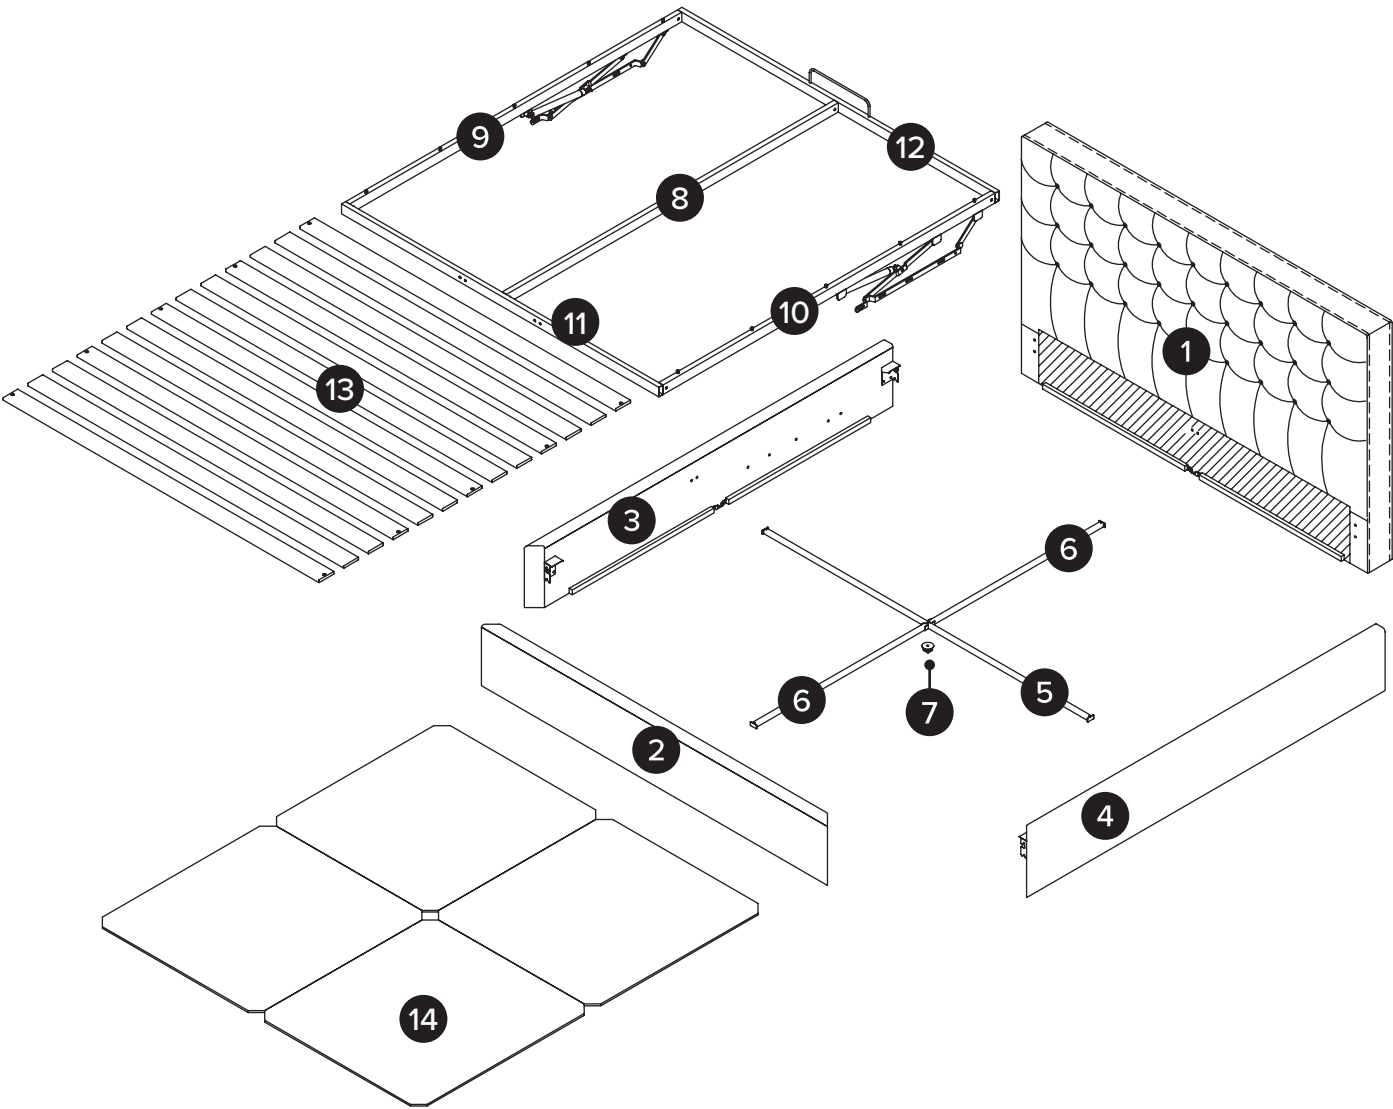

BEFORE YOU START

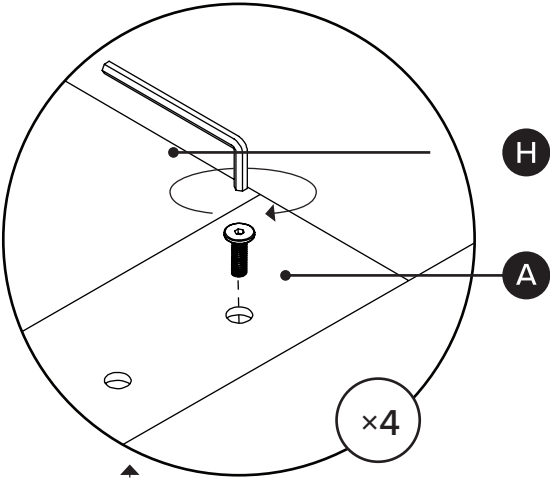

1. Please check that all parts are present before you start the assembly of your furniture, as once assembled, the furniture is exempt from our home approval policy.
2. For ease and speed of assembly, we recommend that before you commence each step of the assembly, that you identify all the parts required for that step.
3. For larger items, please ensure that you have sufficient space and people (as indicated on page 1) to assemble your product safely.
4. We recommend that, all items are assembled near to the area in which they will be placed in use, to avoid moving the product unnecessarily once assembled.
5. For protection of your furniture, particularly items of high gloss finish, we recommend that the product is placed on a protected surface during assembly to prevent any damage.
6. During assembly please take care not to over tighten any fittings, as this may damage the product.
7. Keep the central leg above the ground. This is to prevent the leg from breaking should the bed be moved, and also allows some flex in the central rail when the bed is in use.
8. Machine screwdriver is not recommended to use.

CARE AND MAINTENANCE

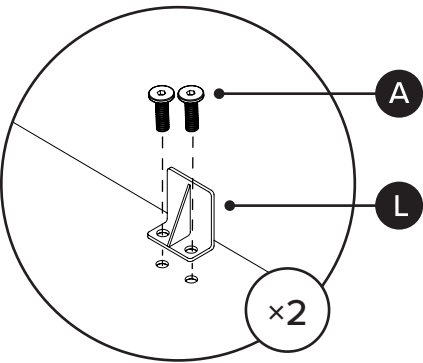

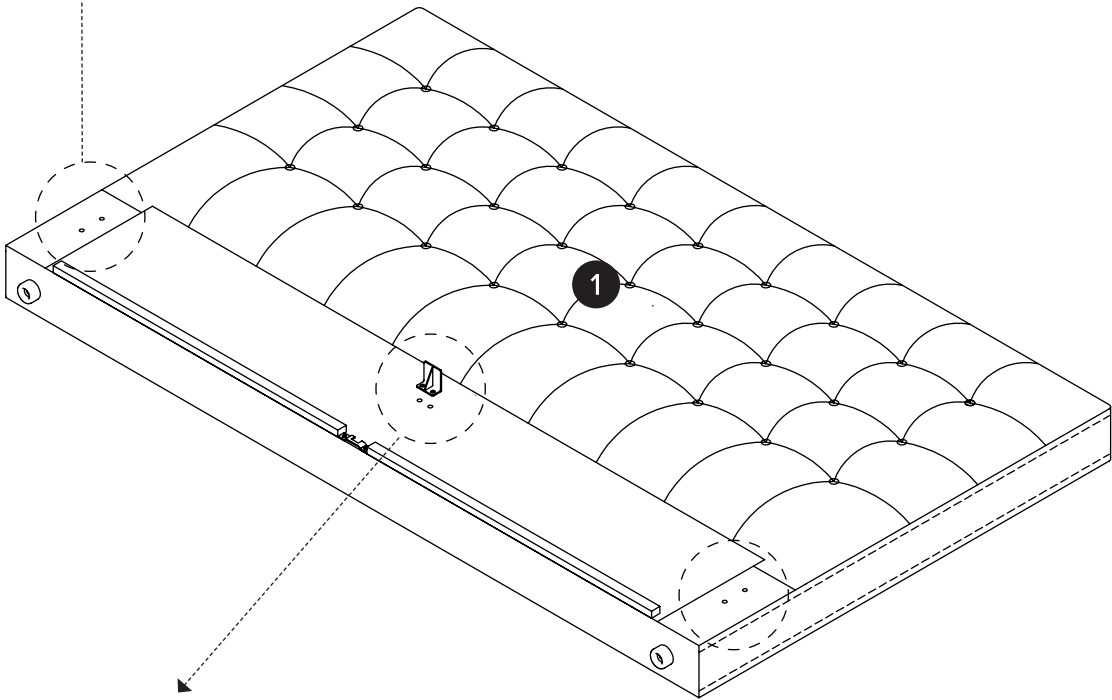

- Please periodically check all fittings and re-tighten as necessary.
- To clean your item, please use damp cloth and wipe clean.
- Please do not jump on your furniture.
- Never allow any kind of liquid to remain on your furniture. Absorption can cause finishes to de-laminate.
- Periodically check the condition of your bed slats and plastic locating caps to ensure they are in good condition and have not become loose.
- It is important when moving your bed that it is best to lift the bed. Never drag it.
- Please kindly take account of your floor covering when assembling a new bed. If the floor offers little resistance (such as wood or laminate) then it is recommended to use rug or similar be placed under each leg.

1

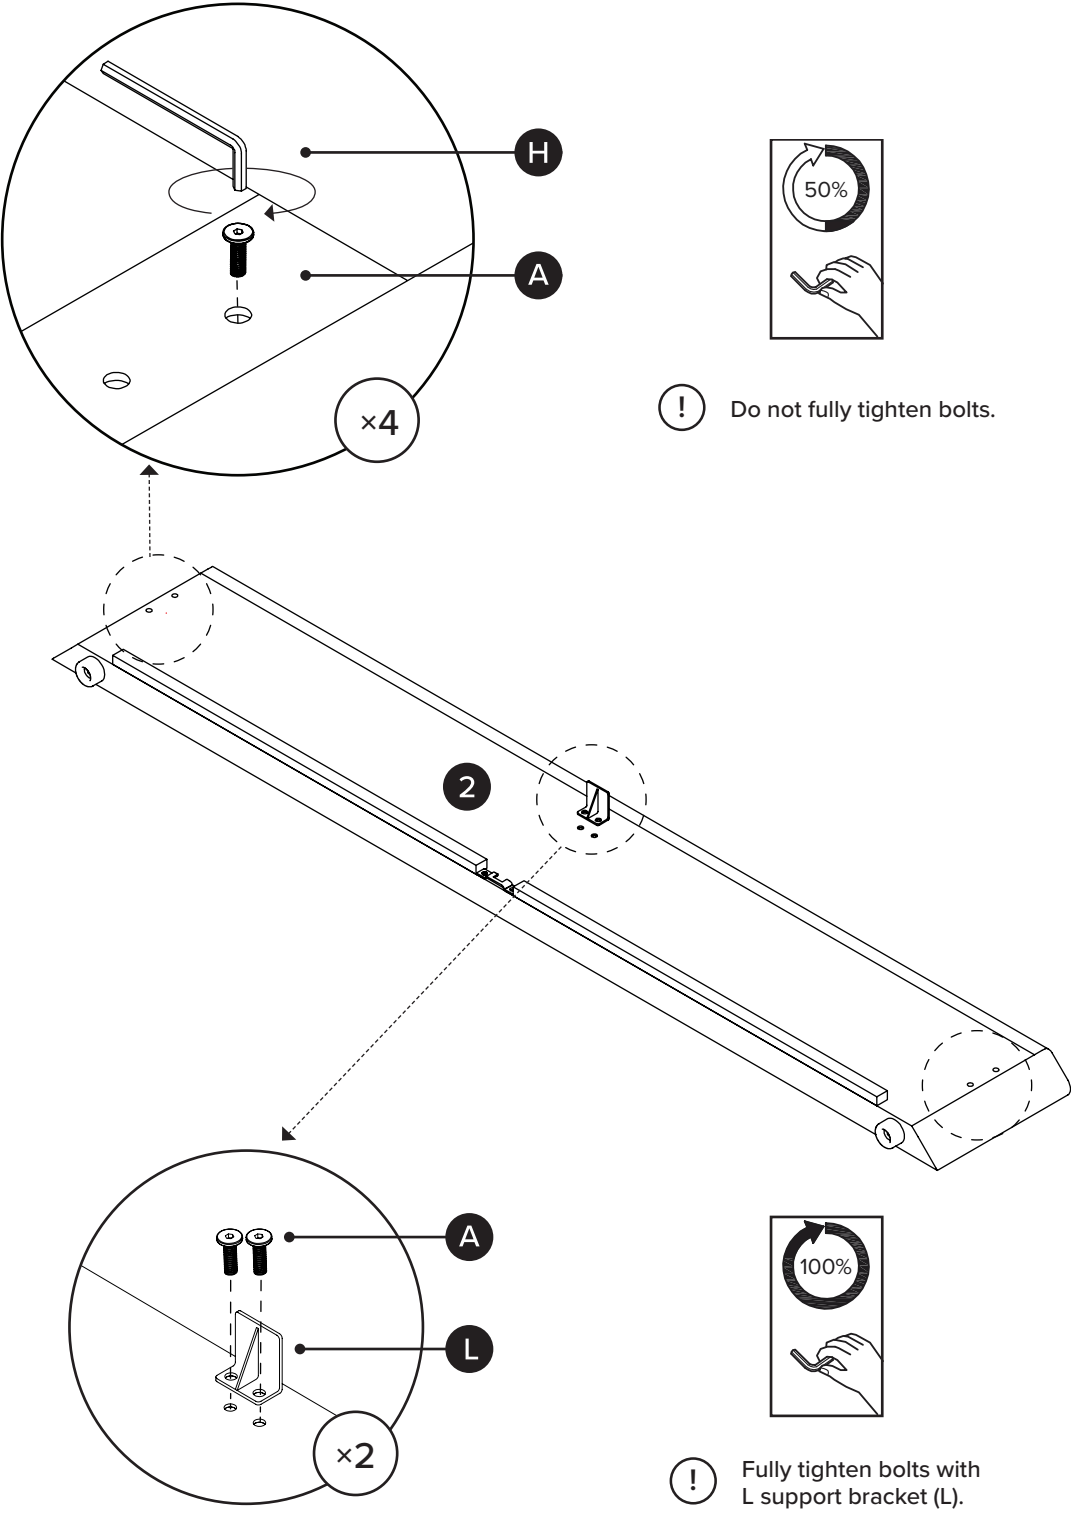

! Do not fully tighten bolts.

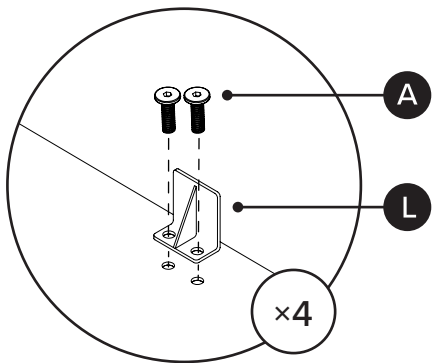

! Fully tighten bolts with L support bracket (L).

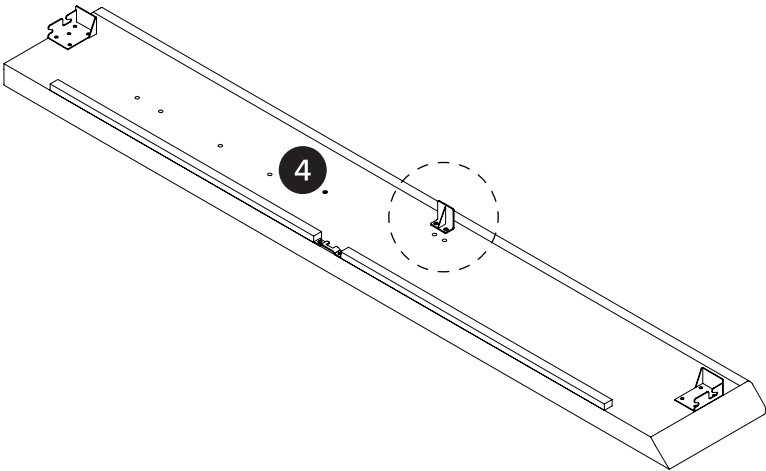

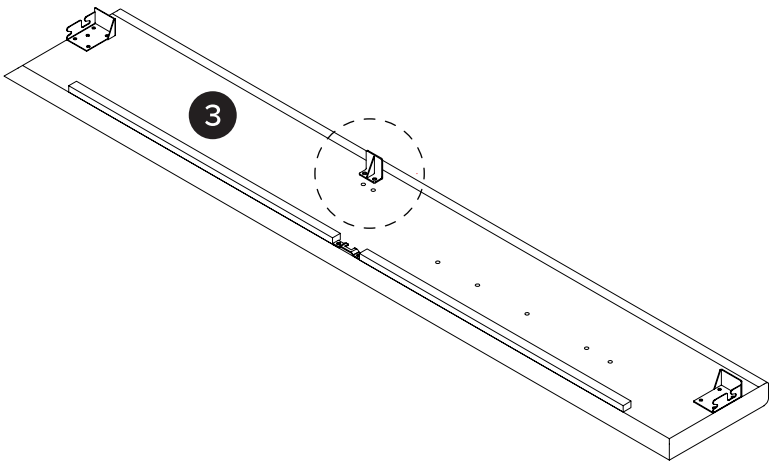

2

3

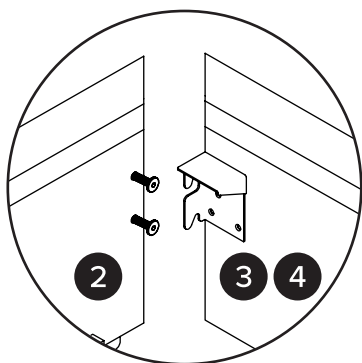

! Fully tighten bolts with L support bracket (L).
